

To whom it may concern:

Hi, I am Ashlee Wackerle and I have a disabilities.

I am a worker at New Dimensions I have a Heart problem which means I have a bad heart. I like to go shopping and to work.

My favorite Animals are horses, dogs, butterflies and kittens. I love to go out eat when I was 15 years old I seen a rainbow.

I have many friends at work. I like to work at different jobs. My favorite jobs are caps and phone books. I like to talk to the bosses and friends at work. Coming here I have learned work safety and I enjoy working with others like me.

I volunteer at St. James Catholic School and the local soup kitchen. I love to help others. When someone is upset I like to talk to them and cheer them up and make them laugh by telling them jokes.

My favorite food is pizza and tacos and chicken and stir-fry.

If I couldn't come to work I wouldn't have any friends or make any money to go shopping.

Sincerely

Ashlee Wackerle
