

To whom it may concern:

Hi my name is Peggy Gregory.

I was in Special Education when I was small , I had dislocated hips, I could not walk until I was 5 years old so yes I am disabled. I like working here at New Dimensions because I have learned how to do different jobs like Phonebooks and magline. When say I do Phonebooks I am saying I put labels on them. As I grew to like it here I also grew to like the people. There are so many other things to do, like for example going out and doing jobs, Jobs like mowing grass at the Skill Center and working at different Churches. We are a family and we care about each other. We also care about each other's feelings. I should know because I have had my feelings really hurt, many times when I was called names. We as people should be treated the same as everyone else. So please don't forget about us, okay. If I didn't have this job I would be bored and not have any training for any kind of job.

Thank You For Your Time.

Sincerely,
